

Protective Caps GPN 200 Type A

www.poeppelmann.com/en/gpn200a

Application

The cylindrical protective caps GPN 200 Type A are suitable for protecting pipe ends and shafts as well as threaded studs. The easy-to-grip, knurled collar ensures easy removal.

All information about 100% PCR and the recycling blend can be found in "Sustainability at Pöppelmann" (see chapter 2) or at www.poeppelmann.com/en/kapsto/Responsibility.html

Dimensions in mm.

Information on materials, colours, designs and use of our products can be found on the website and in chapter 3 'Materials and application'.

The articles in the 100% PCR column consist of 98% PCR-PE and 2% colour based on a PIR carrier. The plastic used consists of 100% PCR.

The articles in the recycled mixture column consist of a blend of PCR and virgin material. Colour deviations and black dots cannot be completely avoided during production and are permissible for these items. We recommend carrying out functional tests before series production.

Your added values:

More resource-saving.

This standard series is available from PCR, saves CO2e emissions and conserves resources.

Cleaner.

Production in accordance with VDA Band 19 and ISO 16232 in our cleanroom on request.

Better.

Cylindrical caps with easy-to-grip knurled collar for protection of threaded studs, pipe ends and shafts.
