

Rectangular Plugs GPN 270

www.poeppelmann.com/en/gpn270

Application

The GPN 270 rectangular plugs protect rectangular pipes from damage and dirt. The reinforced head area is suitable for higher demands and the ribs ensure a firm fit in the pipe. The rectangular plugs impress with their high-quality appearance thanks to a grained head surface and side chamfer.

Dimensions in mm.

Information on materials, colours, designs and use of our products can be found on the website and in chapter 3 'Materials and application'.

Your added values:

More robust.

Reinforced head area for higher demands.

Better.

For closing of section tubes. Distinctive external ribs provide a secure press fit.
High visual appeal due to grained top surface finish and chamfered edges.
