

Screw Plugs GPN 720 Type B

www.poeppelmann.com/en/gpn720b

Application

The screw plugs GPN 720 Type B are suitable for a wide range of internal threads. The sealing cone prevents the ingress or leaking of liquids within certain limits.

All information about 100% PCR and the recycling blend can be found in "Sustainability at Pöppelmann" (see chapter 2) or at www.poeppelmann.com/en/kapsto/Responsibility.html

Dimensions in mm.

Information on materials, colours, designs and use of our products can be found on the website and in chapter 3 'Materials and application'.

The articles in the 100% PCR column consist of 98% PCR-PE and 2% colour based on a PIR carrier. The plastic used consists of 100% PCR.

The articles in the recycled mixture column consist of a blend of PCR and virgin material. Colour deviations and black dots cannot be completely avoided during production and are permissible for these items. We recommend carrying out functional tests before series production.

Your added values:

More resource-saving.

This standard series is available from PCR, saves CO2e emissions and conserves resources.

Seals better.

Depending on the application, the sealing cone will prevent penetration or leaking of liquids.

Better.

Immersible screw plug with hexagonal socket.
