

Protective Dust Plugs

GPN 920 Type A

www.poeppelmann.com/en/gpn920a

Application

The protective dust plugs GPN 920 Type A protect open plug-in couplings from damage and dirt and have a captive design with integral tab. The dust plugs prevent the ingress or escape of liquids within certain limits.

Dimensions in mm.

Information on materials, colours, designs and use of our products can be found on the website and in chapter 3 'Materials and application'.

Your added values:

Better fit.

Protects open plug-in couplings from damage and contamination.

Seals better.

Prevents damage and contamination and provides limited sealing action.

Better.

Self-retaining design due to integral strap.
